

SAINT AGNES

I am Saint Agnes.

It was, and is, a privilege for me to speak through this Gift of Divine Love, and have My Words put into script, hopefully for millions of all ages of human life to read What The Father requested I say.

Human life is of the Utmost Importance, because it bears within it a Portion of God Himself. This Portion receives all that the individual practices, participates in, instigates or does. ***So many young people should be instructed that when they think they are alone, they are not alone. They have a Portion of God Himself within them; It's called the Soul.***

Sometimes a little one becomes frightened, thinking all they need is a physical body to give them security. ***Remind them that they are never truly alone, because within them The One Who created them is with them.***

Throughout the world there is such a great need for human life of all ages to understand more of their Close Connection to The Creator, and their Personal Association that they were given at the moment of their conception. Human life was created because The Father, in His Love for this creation of His, added to it a Portion of Himself, Unseen, Unheard, but obviously within, helping a human life to more fully understand that there is a Creator of All Things. There had to be, because no human being could have created all things.

The world has been given this Beautiful Gift of The Father's Love, having so Many Saints Here in the Heavens speak to all

ages who are alive, and most of them named after a Saint. Be aware of all you think, you say, you do, and the importance of how others, in their imitation of you, in their communication with you, in their understanding of you, can help them more fully understand that there is a **Goal to human life.** It is not called *man*, it is called **Sainthood.**

I am so happy to be able to speak these Words on this day, because All of the Saints Here in the Heavens want this Gift of Divine Love to spread throughout the world in all languages, so that millions of Souls will be saved.

As I leave you, I want you to be reassured, it is The Father's Will that I have spoken, and to me it is a Gift of His Divine Love to do this."
