

REVELATION DELIVERED THROUGH FRANCES M. KLUG

SAINT STANISLAUS

“I am Saint Stanislaus.

The Father, The Creator, The Almighty, has given to the world a Gift of Divine Love, incomprehensible to the human minds, of the Magnitude they are allowed to partake in: the Magnitude of Love, Purpose, and Association.

At this time in which you live, ***The Father wants all degrees of intellects to see, to understand, to realize, that to be born in the human way, called man, is truly a Gift of Divine Love.*** The way of human life is greater than human beings understand it to be, not just with the Gifts instilled into human life, but the Goal for which it is destined to be.

Too few men, women and children attach a Goal to human life other than the ones that they mentally feel, or they are involved in physically, emotionally, in the human way. ***The Portion of life that is rarely thought about is That Portion of Divine Love instilled into all human life; It's called the Soul.***

Even though all ages of men, women and children use the wording, ‘We are soul mates,’ they do not see the fullness of the statement, because they are only looking at it and sensing it to be a close relationship, boundless for human needs, association, and closeness to another human being.

Today as I speak Words, perhaps familiar in some ways, but the Words are to be seen for the Importance They are to every human being.

In the creation of human life The Father designed it to one day be returned to Him, after having allowed it to walk in a path of humanistic values, understanding, conditions, thus allowing the Soul of the individual to earn a place with The Creator, giving to the Soul the ability to more fully understand the privilege of their place, representing a human life through the works and the Words of the Divine Love, so beautifully expressed in How The Father, Why The Father created man.

There is so much importance to human life, to every individual born in this form, this degree, this way. Too little is understood regarding the Purpose for this creation of Divine Love. ***It was The Father's Way to share All He Is, because of the Magnitude of What He Is.***

Thousands of Words could be spoken on this subject. Some already have been at different times, but hopefully those who read these Words today, and others who will read Them, will find in the Words a Closeness to The Creator, that nothing else can truly help them understand what a privilege it is to be born as man.

We All smile when a Lesson of this degree is given, because We know at the time it is given only a small number of individuals will read It, and feel the Importance of It, but the Importance of the Written Words will go through time, enlightening others of the Importance of the human association with The Divine.

As I bless you with The Father's Love, I ask you to remember each day, before you lay your head to rest, say:

'Thank You, Father, for this day, and that You created me for a time to come that my Soul will return to You, bearing the Name Saint.'
