

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON APRIL 4, 2002 AT 1:00 P.M.

SAINT JOAN OF ARC

**I** am Saint Joan of Arc.

**M**any of Us are prepared to speak at a moment's notice. ***When The Father beckons One of Us, it brings joy, because We know then that Important Information and The Father's Love will show forth through this Gift that has been given to the whole world of human life.***

**O**ne voice has been chosen to reveal What The Father Wills, but it will take many, many, many dedicated acts of love from a numerous number of men and women and children, to be able to spread throughout the world, All that has been delivered through this Gift of Divine Love.

***In the Announcement of this Gift, it was meant to prepare thousands and thousands and thousands and thousands of other human beings, to more fully understand the True Existence of The Divine and to be reminded of Divine Plan for the Souls of all human beings born in the way of man.***

**S**o much has been allowed by The Father to be spoken about, and to bear Instruction to help individuals more fully comprehend the value of human life as man, for that time to come when the Soul is returned to The Creator as planned, though it is difficult for human life, human beings, human individuals to fully understand that they are the custodian of a Portion of The Creator that will one day represent them where The Creator wants them to be, a Place not seen by the human life, but unconsciously felt by the human mind.

**I** could speak hours, because there is so much Divine Love

expressed in this Miracle that bears the Name of a Saint Who, in Reality, is More than a Saint. As the Beloved Saint Joseph made entrance into the world to be The Foster Father of The Son of The Creator, this automatically says this Miracle, at this time, that delivers so much Information, Direction and Love, was Part of Divine Plan a long time ago.

**T**oday, all who believe in what a Gift human life is, and that it has a Goal, gives strength to the mind and the body, because the Soul, in Its very Existence, assists each one in whom It is placed, to walk in a way, a manner, a degree and a role, that gives honor to the human way of life, gives dignity to the individual's creation of life.

**I** could speak hours, but I will close My Words with a short phrase: ***Remember, as love is an important thing to you now, one day you will find it in a Greater Form, a Greater Degree, a Greater Way, and it is so worthwhile to work for the Goal of Sainthood now.*** So be it.”
