SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

We All smile at this little one The Father has chosen, for not just a task, but to be able to stand firm, strong, capable, understanding and deliberate, on All that she is told to speak out loud, for It to be written for millions of men, women and children to more fully understand the importance of being born in the human way, according to The Father’s Plan for the Goal intended for the Soul of each one, at a time that The Father Wills the human life to end, and the Soul to be returned to Him once again.

Thousands of individuals claim to have great Faith in a Creator. Now I did not say ‘The Creator’, I said ‘a Creator’, because there are so many differences of opinion on this particular point in human life that, in so many ways, is oftentimes misunderstood, and not seen for the logic in it, the beauty in it, or the Wealth of Love in each human being’s birth.

Today, as you gather in a group to write these Words I speak, there are many outside this room who feel they are worthy to do, to perform, to accept a task of this Magnitude, and oftentimes when they read the Words you have put into script, they wonder why they were not given the privilege to do this, because of their adequacy, their knowledge, and their interpretation of *what is miraculous* and favors a certain group.

So much is taking place in every area of the world, but most of the emphasis is put on humanistic ideas, preferences, ignoring the True Purpose for which human life was created, and that is to one day return to The Father and be called a ‘*Saint*’; perhaps not by all

those who the individual knew when they were alive, but the word 'Saint' will be used with all the other Souls that the individual will associate with when this occurs.

Human life reaches for goals; many reasons and, of course, many goals, ***but the Greatest Goal is to reach for Sainthood, to return to The Father as a Saint.***

I close My Words with great love for human life. ***It is the only living thing that has a future for a Portion of it, and the future is to one day return to The Father in a very Loving, Personal, Gifted Way.***"
