

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father has requested that I speak on the Importance of this Gift of His Divine Love, because of the Souls that must be protected from all that is occurring that is totally diabolical in nature, in content, and in purpose.

Though it may be difficult for some so-called ‘learned’ men and women who feel they graduated through their book learning, and are qualified to understand when truth is being delivered through one voice, one human being, this, of course, is not fact, **because through this Gift of Divine Love, The Father is in Control of All Words spoken and All Who will speak Them, so there is no chance for What is being delivered through this Gift of Divine Love to not be The Father’s Will for the Souls of human beings throughout the world.**

We hear so much about the language barrier from those who do not speak how this instrument speaks. We also see in translation, changes in meaning that are troublesome, because they do not express the same Subject Matter in Its full measure.

Thus far, millions of individual human beings have been alerted to this Gift that appears so natural because of the Words that are spoken, are so understandable to the nature, the character, and the mentality of human beings.

The Father has Willed this Gift be passed far and wide, to awaken those who are sleeping or ignoring, or who have made decisions to not be interested in such Teachings coming from a

human being in their time.

***Today it must be understood that All that has been delivered is Divine Love, put in a way and a manner capable of all degrees of mentalities to more fully understand that human life was created with a Goal for a Greater Plan.***

**I** will close My Words, for I know My Voice is harsh through this little one, but What I have spoken must be seen for Its Worth, Its Truth, and what It will give for others to more fully understand that ***human life, in the Gift of the Soul, has responsibility beyond any other living matter, thing. Remember this.***
