

REVELATION DELIVERED THROUGH FRANCES M. KLUG

“There is no place throughout the world that The Father is giving so much Personal Direction, Personal Correction, than where you are.

This statement will be difficult for some to accept but, nonetheless, the statement is fact and logical in its concept.

There are so many individuals who feel they have the power to make decisions regarding what The Father Wills for human life, in every aspect of it. So much is being instructed on personal concept of what The Father is supposed to be the deliverer of. This, of course, is fantasy.

Today is a day of human beings accomplishing all the necessities of what their human life depends upon, but if you were to take the number of how many are truly in earnest, in sincerity and love, for having been created a human being, understanding that there is a Goal for this life, you would find very little who could say they understand having been created as man. They understand there are rules living as man, and that there is a Goal beyond what is humanly understood, because it is so beyond what the human mind can comprehend. The Goal was put into scripture a long time ago by those who were instructed on many facets of human life.

Thousands of Saints stand by every day, wanting all men, women and children throughout the world to think of The Creator first, by saying a prayer. No matter how short the prayer is, it is recognition, such as two individual human beings saying ‘Good morning’ to each other. It recognizes the reality of the other’s existence. If you were to count, throughout the world, the number of men, women and children who, in rising from a sleep say, ‘Good morning, God, I love You, thank You for this day,’ the number would

be ridiculous in concept, in definition, and I would say in the reality that it even existed.

There are so many things to speak about, to instruct, so that men, women and children will change their way of life to the point where they will recognize ***that there is a Supreme Power that created them, and a Supreme Power that will one day judge them.*** Wouldn't it be sad to have just the daily way of life with no goal to it, no hope in it, and no Divine Love helping it in every form, every way, every area?

Prayer, in many areas, is based on less understanding, because prayer is something sporadic, not done in a formal, loving, assuring protocol of recognizing the importance of it.

I will close My Words, because I know They are different for many to read, but I beseech all who read Them to understand that ***to be born in the human way is a Greater Gift of Divine Love than any human being can fully understand a Love of Divine Hope, Will, Concern and Love.***"
