

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

As I speak today, I have a deep sadness within Me because there are so many disappointments regarding how human beings, of all ages, have become so reticent in praying and using prayer as a communication between themselves and All of Us Here in the Heavens.

The Father is concerned, because all ages are ignoring the reality, the reasonability, and the Blessing that prayer is the communication between human life and The Divine.

All dimensions of life, all degrees of mentalities, are catering more to acts, actions, thoughts, ideas, and even ideals, to what is termed ‘humanism’. So much attention is paid on what mankind calls ‘logical for a human way to be’. There are no limits to what they feel they can participate in or practice, even to the point where it is immorality, pleasing only the enemy, thus ignoring that each human being is the custodian of The Creator of All Things.

I keep My Words short this time, because the little one I use to speak these Words openly for others to hear Them, and others to be able to print Them, suffers much pain in hearing What I have delivered, because, in her awareness of the closeness The Divine is to human life, she cannot bear to hear that through this Gift she has been given to deliver so Much from So Many Here, and It is not or does not seem to be affecting the morality of all ages, all degrees of intellect, to more fully understand that human life has a Goal for that

Portion of them that they cannot see, but It is logically present, due to the fact that they understand what is purity of actions, of thoughts, over what is impure. No animal has this Gift, but human life ignores the Gift, but puts much emphasis on what they call their intelligence on many matters, issues.

Today as I speak, it is important for All that has been delivered through this Gift of Divine Love, be spread throughout the world. All that has been spoken is for the benefit of millions of Souls of all ages.

It is sad for Me to say what I am about to say: Most human beings will treasure a material thing, take care of it in many ways so it cannot be harmed or lost. I beseech you to understand that you bear the Greatest Gift that The Father could give you, and that is a 'Portion of Him', called the 'Soul'."
