

SAINT AGNES

“I am Saint Agnes.

I smile when I mention My Name to this little one, who has been chosen to repeat the Words that so Many Saints Here in the Heavens are told to have recorded, so that thousands, perhaps even millions of men, women and children will one day be able to learn more about the importance of human life, through All that is delivered at this time for the sake of millions of Souls.

The world has been blessed abundantly by this Gift of Divine Love. The Father smiles when I speak, because I too, was young when I walked a path of my belief in the Importance of The Creator of All Things.

Today, the world you live in is in constant repair on morality, but there are so few capable human beings able to accomplish What The Father Wills to be done for the good of the Souls that are All a Part of Him.

There has never been a Miracle of this Degree or this Manner before this time in which you live. Granted, much has been delivered, but the emphasis is spread differently. ***This Gift is Special unto Itself, because It is understandable to all ages, because the Words are clearly spoken. The Facts are logical, and the Love automatically felt from The Divine.***

I will not speak long at this time, because there are so Many Saints Here in the Heavens Who anxiously wait for The Father to assign Them to Instruct on the Importance of the Goal They were

created to reach. The Beauty of this Goal is beyond human understanding or ability to perceive.

May I bless you with The Father's Love, because you see, I too, once walked the earth in the degree and manner that you do, and I promise you before I leave, ***your Soul is a Portion of The Creator, and He Wills It to be returned to Him in a Pure State of Being.*** This is not an impossibility; in fact, it can easily be accomplished by just one's example of purity over impurity in thoughts, words, deeds, and actions.

As I close My Words, I beseech all who take Them and all who will read Them, to ***thank The Father for allowing so Many of Us Here in the Heavens to teach Words of Love that only The Divine Wills to be.***"
