

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I speak on this day to let you know that each Title that I am known for, or about, pleases Me beyond what I can describe to you. Titles are important because they awaken in some individuals, certain ideas, facets, points of interest, that help the individuals to a greater degree of Faith in the prayers that they offered to that Particular Name. Even though that Name represents One Individual, human nature has a way of feeling strength in certain facets of life, certain areas in which they feel a closeness, because of what the Name signifies to them.

The Father has given to the world a Beautiful Gift of His Divine Love. It bears the Name of the One Who was the Foster Father of His Son, and you all know Who that is; He is Saint Joseph. The responsibilities He bore in this position of life were far greater than anyone knows, for He walked in protection of The Heavenly Queen and, of course, The Son of The Creator.

At that time people recognized the Importance of this Family, but never realized the Greatness in the Importance.

This time in the history of human life, so much has been revealed regarding things that at one time, situations that at one time, were taken for granted.

Today as I speak, I speak with Great Love for all of human life, because it has the privilege, the opportunity, and the Goal, to one day return to The Father their Soul, that Portion of The

Creator of All Things that will represent the one in whom It was placed at the moment of his or her conception.

The world has been blessed, many times, through particular individuals that The Father encouraged Someone Here in the Heavens to Instruct on many issues, for the purpose of strengthening the love, the hope, the knowledge, and the realization of so many things, mainly that they have a Portion within them that one day has the privilege to become a Saint.

The Soul is the Gifted One of every human being, and the Soul is constantly present from the moment of conception until The Father has It returned to Him at a given time.

I could speak endlessly on this subject, but We find it is easier for others to learn to a greater degree, the Importance of What is spoken, when We shorten Our Words on different subjects at a given time.

As I close My Words with you, I bless you with My Love, and with the Hope that you will one day return to The Father, and you will be a Saint.”
