

SAINT ATHANASIUS

“I am Saint Athanasius.

Wherever this little one is, Many of Us are present, because of the Magnitude for which The Father created this Great Gift to all of human life, for this time in which you live and the times to come.

Much history of the past is available to be read, and to be understood, but do not forget, it is and was the past that the writers wrote about. At this time, the privilege is to write about what is present, and what is important for human beings of all ages, all backgrounds, all intellects, to more fully understand more about human life according to Divine Plan.

To many, these Words will not be easy to handle, because mentally they feel well-informed, but nonetheless, with All that has been delivered, and is being delivered for a very long time now, is to awaken the mental of all ages of human life to more fully understand, that ***in the creation of human life, Divine Love had a Particular Plan.***

In many areas throughout the world, only humanism and materialism are the main facts for caring, thus ignoring totally the beauty for which human life has the privilege to earn living in the human form, way, intellect, and manner it was created for.

Every age group, every degree of intellect, and every bit of understanding regarding sound spiritual facts should never be cast aside or discarded, because of the importance of what they say, and the strength they give to the human minds of all ages of human life.

The world of human beings, constantly seeking new ideas, new ways to success, must also realize being born a human being has a **Goal Greater** than any invention of the human mind, **because within human life there is a Portion of The Creator called the Soul.** That is what must be stressed by all ages, and must be seen in a positive manner, **because the Soul is What will remain forever and ever and ever.**

As I close these Words with you at this time, I beseech you to not discard What was just spoken, but keep It in mind every moment of every day, that in human life there is a Goal; no greater thing could the human mind ever receive, because in this Goal there is to return to The Creator for All Eternity.”
