

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON AUGUST 13, 2002 AT 1:18 P.M.

SAINT MARGARET MARY ALACOQUE

“Human beings of all ages do not fully understand what a Precious Gift human life is to man. It is gifted with a Promise, a Goal. It is gifted with much love for the Soul. The human mind has many abilities to use, and many areas in which The Father has given them to be able to accomplish many goals.

Throughout the world, The Father gave to human beings the understanding that human life was created with a Special Gift of Divine Love, called the Soul. We hear some say, ‘It is sad I cannot see my Soul; perhaps if I could, I would be a better human being mentally, morally.’

This statement, in many ways, doubts The Father’s Will. The human mind is a gift unto itself. The human understanding of what is right over what is wrong is a gift unto itself. The ability to conquer many things is a gift unto itself that animals and other creatures do not have; so the logic in the fact that human life is gifted because there is a Purpose to human life, ***to achieve the Goal that The Father has Promised to be, and that is to one day return a Portion of human life to The Creator. It is that Portion of Him, the Soul.***

All ages are not learning enough about what human life has been gifted with, or that human life has more gifts, because The Father, in giving to human life the ability to fully understand the logic in how a human being thinks, understands, and is capable of learning indepthly on major subjects that nothing else created has.

Children are not being instructed properly on why it is important for them to see, to understand, that they can do things that are right,

and erase or escape doing things that are wrong. So little is being instructed on this Gift of Divine Love. Too much freedom allows many mistakes, many errors, and oftentimes little self-control.

Throughout the world, men, women and children are slowly ignoring what a Precious Gift human life is, and that it has a Goal. So much activity and interest is placed on what the human mind and body is able to do, but at the same time ignoring the Soul.

As I leave you, I beseech you to always remember, that your presence, your actions, how you speak, can give to others you meet how they should think regarding morality, because there are so many factions, factors, conditions available to human life, encouraging all ages to participate in impurities of the mind and the body, thus ignoring the Soul.

As I close My Words, I close Them with deep love for human life because, you see, I walked the way and saw what it was capable of doing, practicing, and being example of. ***A Blessing comes with this Message, because Truth is always a Blessing, and a hope that those who hear It or see It, helps them to better know that what they say is important, what they think is important, and what they do affects their Soul.***
