SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. It is Important, What I am about to say.

Human life is a Gift Far Greater than it has ever been perceived to be, because human life, through The Father’s Will, has many Gifts of Divine Love within it. ***The Greatest Gift, of course, is the Soul.*** It is sad when individuals cannot understand or try to understand, that ***the Soul, as a Portion of The Creator, is what gives human life a Special Role, a Special Goal, a Special Purpose,*** and all human beings should understand this, be thankful for it, and be aware of how they use their daily way of life with such a Precious Gift of Divine Love within it.

Most emphasis is put on the heart. I do not say this is lesser, but I do say that the heart, as it beats, is the beat of life for the whole being of one human being; also, this Gift of Divine Love was instilled for a purpose, a purpose that speaks, ***Beware, Be Careful, Be Alert, and Be Conscious*** that as you are born with a heart that you can feel beat within you, proves the Greatness of how The Father created human life to be, and to understand.

Granting, other things created have been given a heart, but not for all the reasons of human life. The way of life is Important, the Purpose for life is Important, ***the Goal for human life is the Greatest Goal, because within it the Soul is to be returned to The Creator at a given time.***

Children are not being instructed properly or indepthly enough on the importance of the Gift of human life, and that the mentality of human life allows them to know that this way of life must be cared

for morally, mentally, physically, because of the Goal that human life has the ability to reach.

This statement should not be difficult for anyone, because the mentality of human life does not just allow it, but encourages it to use a goal for success; in many ways, a goal for tolerance, for patience, for understanding.

Human life has been blessed in a way that no human being could design more than The Father did when He created human life, because ***The Father, in His Love for this creation, has not just offered it a Goal, but has instilled in it all the reasonable facts, factors, to support how The Father felt, and feels about the Soul being returned to Him, representing the one in whom It was placed, and that this Soul can one day be called a Saint.***
