

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so many of Us always present where this little one is, because The Father’s Will is of the utmost importance for all ages of human life to more fully understand the importance of human life, and that within it, it has a Portion of Him called the Soul.

There is no Gift such as this One throughout the world. Granted, there are other Gifts, many in fact, but this One is a Gift of Instruction, and yet, full of Divine Love, because of the Souls that need the ones in whom They were placed to more fully understand that to be created in the human way is a Gift of Divine Plan.

Each human life created has within it a Soul. Though it is difficult for many to understand what a Soul is, the human way of life shows It without any descriptive measures to be had; the fact that human life has a conscience, also an understanding of what is right or wrong, what is good or bad, what is truth, what is untruthful.

In this Gift that gives so much Direction and Divine Love, nothing in the world, no favor in the world, can be greater than this Gift is, because this Gift is from Divine Love, based on the naturalness, the reality that each human life has a Close Association with The Divine.

Human life has many qualities, abilities, understandings, and beliefs, talents beyond what anything else created has, but

it also has what is termed a conscience that is an innate sensitivity to what is moral over immoral, pure over impure, just over injustice, to any situation, any condition, any problem.

So much has been delivered thus far for quite a long time, helping the human minds to more fully understand that there is a Goal to human life, and it can be easily attained if one feels the Beauty and the Love in How The Father Instructs the mentality to know what is right over what is wrong, what is just over what is unjust.

As I close My Words, I remind all who read Them, and who are example of Them, it is Important that All that has thus far been delivered be spread throughout the world. Do not worry about languages, because oftentimes when one does not understand the language, the print, The Father gives them the Blessing to sense within their being, that What was spoken was Important in more ways than they can perceive it to be.

This Gift that bears the Name of The Beloved Saint Joseph, is a Gift far beyond what the human mind can perceive It to be, but I beseech you to see that It is spread throughout the world, irregardless of what some men try to persuade you to believe, that at this time there could not be a Miracle such as This is.”
