

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON NOVEMBER 12, 2002 AT 12:40 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with Deep Love I speak to you today and request My Words be put into script for, hopefully, millions of other human beings to read Them, and through Them, use what They are to become a Saint.

The human way of life has many choices. Most of them are to remind the mentality that there is a right and a wrong, a pure or an impure result of what they say, think, do.

Children are not being instructed on what a Close Communication they have every moment of every day with The Heavenly Father, The Heavenly Mother, and All the Saints.

You live in a time where so much time is spent on impurities, indulging in what is immoral in many, many ways. Those who read these Words, hopefully, will see Them in Their full concept, and associate how they live, according to the Commandments of The Creator.

So many people of all ages ignore the Sixth Commandment. They use excuses for it, and most of the excuses are forms of insolence, self-righteousness, indiscretions, and also, ignoring The Creator regarding His Love for human life, and that when He directed the Commandments to be delivered, They were to be the Guidelines so no one would have an excuse to be immoral, impure, in their thoughts, actions, ideas, ideals; the list is endless.

In this Gift of so much being Instructed, helping human beings of all ages to awaken to the warnings that are being spoken about, and through the Written Word, in many ways, the Written Word on these subjects is a Blessing, because it does not allow the memory to be the only support to individuals who find it difficult to make the correct decisions on personal matters, and also matters connected to many of the Commandments that were given a long time ago.

I could speak hours on these subjects, but hopefully, What has thus far been given, will awaken some who read Them to the fact that they must change their ways, their preferences in what they do, how they do them, and also, they must be reminded to never forget that there is a Goal for human life, that the Soul will live and be the custodian of the Decision The Father will make, regarding behavior patterns and all that an individual used in their lifetime, knowing that their Soul was the recipient, hopefully, not the victim.”
