

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 26, 2003 AT 12:34 P.M.

SAINT ALPHONSUS LIGUORI

I am Saint Alphonsus Liguori.

All the Saints Here in the Heavens wait for The Father's Direction, asking Them to speak openly to the human beings that are yet in the stage of living the human way.

Today as I speak, My Words are of Great Importance. There are so many different opinions on all subjects, but the subject matter that is called 'morality' is rarely delved into to a degree that is accountability for all facets of it.

Human life was created for a Purpose, a Goal. The creation of human life is a Gift of Divine Love, always has been, and always will be. Human beings should not take credit for it, but many do.

As I speak to you today, I speak with deep concern for the failure human beings have in their obedience to the Commandments that were given a long time ago. **Each Commandment had a Reason, a Purpose, but it is sad to see so many re-evaluate the meaning according to how they act, how they feel, how they want it to be.**

I choose one Commandment, '**Thou Shalt Not Kill**'. Most who read this Commandment apply it to the physical life alone, ignoring how an individual *can be killed morally, spiritually.*

You do live in a time worse than Sodom and Gomorrah. I use these words because they are commonly known, but there is so little

understood at this time on what Sodom and Gomorrah consisted of: impurities of the mind and the body, yes, but also other serious sins against the Souls of millions of individuals.

It is easy for human beings to emphasize words that describe something, but it is better to see it in a definite wording capacity, pointing to the area and, of course, the indepthness that causes it to be evil, even satanic in its practice.

All of the Saints Here in the Heavens constantly request The Father: 'May I speak in this Gift of Yours? My Words I want to be known, because the Souls need the Protection, but the individuals in whom They are do not understand that every action, every word, every thought, every move, ***the Soul takes on how it is done, whether it is done just out of rudeness, crudeness, or impurely.***'

Ask yourself: 'Do I remember every day that I bear a Portion of the Creator of All Things within my being? Do I think twice before I act impurely? Do I question my fairness in my dealings with others? Do I pray for help from The Holy King, or do I just live my daily way associated with other human beings? Am I example for all they see in me, hear from me?'

The world has been blessed by this Gift of Divine Love in which The Holy Spirit, Saint Joseph, is always ready to help when there is a need, always ready to aid in times that a question might be necessary to be answered.

In these Words, some will say, 'I cannot hear the answers; I cannot hear because He does not speak openly to me.' Let Me put it this way: Everyone answers through your conscience, your stability in understanding things, your ability to choose purity over impurity, right over wrong, justice over injustice, no matter what degree of mentality you claim to have.

I could speak hours on this subject, because it is important for all ages of human life to have a constant awareness of how they think, how they respond to others, and what their actions portray. The list is endless, and it is an opportunity to examine one's own mentality, ***one's own Faith in a Supreme Being, and one's own love to return to this Divine Being in a Stage and a Light of Purity.***

Granted, you did not ask to be born, but you were born, and it is an innate understanding that in living the human life you have responsibilities. You learn that through the first stages, when you are asked not to cry, you are asked to obey when it is necessary, and with each stage of life you become more accustomed to the value of what life is all about, and that it has a Goal. ***Logic is evident, hope is evident, and the realistic understanding that there has to be a Divine Creator that creates all things, and has a Purpose for that creation of all things.***

You live in a time of much contradiction amongst human beings. You live in a time when there is so little so-called understanding about the Goal that the Soul is to return to.

I will close My Words now, but I beseech you, do not close your mind to all there is, all you have, all you are capable of doing, expressing, practicing, ***because you have a Goal, to return to The Creator that Portion of Him, your Soul.***"
