

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 10, 2003 AT 12:47 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The Heavenly Father’s Love for human life has been expressed personally and through Many Saints Here in the Heavens, regarding the Importance for which human life was created, because within it The Father has instilled a *Portion of Himself* called the *Soul*. No Greater Gift can a human being have within them, thus giving them the strength, the rational perception of what is Important for the mental, the physical, the moral, plus above all these things, The Divine.

There are so many differences of opinion at this time throughout the world. The Miracle of Divine Love entered the world of human life to instruct, encourage, define, and give to human beings of all ages a Gift Greater than any human being could deliver, and that is to be aware that within your body, as a human being, you have a *Portion of The Creator*, the *Soul*.

Without It, you would not have the privilege to more fully understand All that the Soul partakes in, and gives you the strength to understand and obey morality over immorality, love over hate, and that the *Soul* is that *Portion* of human life that promises each human being that there is a *Goal* to attain, to reach, that is Far Greater than any human mind can perceive It to be.

Today as I speak, in many places there is so much diabolical practice, interference and, of course, many, many sins against those who are partaking in it, even when it is not willingly acceptable.

The human mind has been gifted with the ability to reject what is wrong, accept what is right, but at this time in which you live, it is *worse* than Sodom and Gomorrah, because at this time so much more has been instructed than had been at Sodom and Gomorrah, telling all ages of human life that *there is a Creator, there is a Goal* for human life, and that every human life *at the moment of conception*, participates in many ways, and that is to one day return that Soul to The Creator that *places the Soul in every conception* that occurs, not just the child being *born*, but in the *conception*.

At this time in which you live, in many ways, there is very little respect for the *conception*. It is either taken for granted or dismissed as an accident, but rarely is there an innate love and desire to thank The Creator for allowing this to happen. Basically, a child being born has a *Goal* and that is to one day return to The Father in a Glory, and in a Place Greater than the human mentality can discern It to be.

Individuals do not ask anymore: Why was this particular birth such a wonderful thing, and why was there a man called 'Moses' that was given the Commandments for human life to live by, with? The why's are endless, because it is easier for so many *to ignore* knowing the truth, and realizing the truth calls for respect, honor, dignity, and it has a purpose.

I could speak hours and hours and hours on this subject of what a Precious Gift human life is, and what an Honor of Divine Love is placed into every human conception; also, that as the Soul lives on, always recognized by the one in whom It was placed, is a privilege beyond what the human mind can perceive it to be.

So many times, when We hear how individuals perceive the birth of a child, almost as if it was a demonic act, unhappy occurrence, an accident, the accident is ridiculous, and so are the other things that pertain to it. *People use words to help themselves make excuses.*

I repeat, in many ways, holiness at this time is not like it should be. There is so much diabolical interception being allowed amongst all people, all ages, all backgrounds, all theories and all degrees of education.

I could speak on and on, but I assure you, *things must change.* Morality must be used in its right sense of meaning, in the Importance for which The Father gave it to human life, but throughout the world many human beings have become more animalistic than humanistic. If I could show you the sadness that occurs when so much idolatry of the evil is evident, you would vomit automatically.

The reason for this Gift to the world is to *enlighten* the human minds of all ages, that The Father's Love for human life sent one small voice with Many Saints speaking.

As I walked the earth, I was The Foster Father of The Son of The Creator, because in the Creation of The Son, He was Conceived Immaculately, and My Privilege was Far Greater than any human mind can perceive it to be, because it was to be *Example* for the future, regarding the Importance of decency, morality, and obedience to The Divine Will according to how He Planned conception to be, with *dignity* and *purpose*, not lust, or at the enemy's will or encouragement in the act of sin.

I bless those who take My Words, and I bless the little one
