

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Gift I have given to the world of human life is a Blessing beyond what human mentalities can understand because I speak from The Divine, and My Words are to encourage, but more to instruct on what is not being done and, in many ways, cannot be done by those who study My Way; and things that have been spoken about are in a natural format of degree.

So much is to be learned because as I am within each human life, That Portion of Me gives to human life a Greater Meaning of Greater Things, but also, a Goal that nothing else is gifted with, due to the fact that I have a Portion of Me within each human life that I allow to be created in the manner I decree.

There are millions of Souls, since the beginning of the Creation of human life, that I am close to. The Soul is not understandable to human life because It is a Portion of Me.

I could speak lengthy on every Gift of My Divine Love, that I have given to show human beings of all dimensions of human life that I have to Exist, because there is nothing or no one else that can do what has already been done in the creation of so many things.

I could speak hours on end on every facet that human life is affected by in a good way: helping them to breathe, to walk, and to use a sound within them called a 'voice'; also, a Gift of sight, to recognize all there is.

I have spoken sparingly at this time because All I would be able to talk about, would be an endless list of what I am a Part of, and why it is so Important for human beings of all backgrounds, all ages, to recognize My Existence, even though it is beyond their ability to see Me; but everything that exists tells them 'I Exist.'

As I speak These Words through *one small voice*, for It to be put into script for others to read, I give My Blessing that is different than you know a Blessing to be. It is My Innate Love for human life, that I have given so much to human life to use, to one day return to Me the Soul that is a Portion of Me within them; to one day, also, to be called by others who yet live in the living state, 'a Saint'."
