

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON AUGUST 1, 2003 AT 12:55 P.M.

SAINT BERNADETTE

“I am Saint Bernadette. The Father has allowed Me to speak at this time, because when I told Him what I would like to speak about, He said, ‘Go ahead, child.’

My Words, hopefully, will be understood by many so-called ‘*young*’ people throughout the world. It is so important for them to understand and to follow Divine Plan and not allow themselves to be drawn into what is immoral, indecent, impure, unjust, because these things are based on *ugliness* and the end results are *despair* in many ways, many areas; also, they cause *impurities* — physical, mental and spiritual.

As I speak on this day, it is difficult for Me to say My next Words, but The Father has and is allowing Me to say what I feel thousands of human beings should know, but be aware of as sinful and against their Souls.

Impurity of the mind is prevalent throughout the world. Impurity of the physical is more prevalent than people understand it to be.

We hear so many individuals openly and physically consider that in the human way, they have the privilege of doing what they will. They do not see, in their thinking, what is detrimental to their Soul. We hear some say: ‘I cannot see my Soul. If it were important to have It, why can I not see It?’

Let us talk now about the mentality of human beings. Sometimes knowledge on many subjects gives a great degree of pride, egotism, even when the subject matter is not worthwhile to them in how they live and how they practice their time with God.

Payer was given to human life to encourage human beings of all ages to use a form of communication that is directed to The Divine. This alone should tell all ages that there is a great difference between humanism and The Divine.

Children are not being instructed on the importance of morality. So many in charge of the children make excuses: either *'They are too young to understand,'* or *'When the time comes, they will see what is wrong over what is right; what is right over what is wrong.'* Too often, too much is left up to the feasibility that all will turn out right, thus *ignoring* that the human mind does not always *prefer* what is right over what is wrong; thus, ignoring the **Importance of right** and using a common format of *'That's life; if it's available, it must be there for me to try it, practice it, or become involved in it.'*

If I were to give you a figure on one thousand individual men, women and children at this time, and the figure would give you a definite count on how many of these please The Father, and also are important to the Souls of these individuals, because of the decency, the love, the concern; if you really and truly *innately* understood that the Commandments of The Creator were given for a very Important Reason, as the **Guidelines for Hope for the Souls** of millions of human beings; granted, the Commandments are not always written out in Their full structure and meaning, but at this time in which you live, the Commandments are ignored more than They are thought about in any form, any degree of meaning.

The world has been blessed with so many Words, but so many individuals have ignored the Words because of how they live physically, mentally, morally, psychologically.

The Words of a long time ago: ***'You live in a time worse than Sodom and Gomorrah'***; even though this Statement is mentioned once in awhile, it is rarely, if ever, thought about indepthly, thus

causing individuals of all degrees of intellect, all ages, to rationalize the importance of how they live each day, how they permit themselves to accept sinfulness of any degree. I say, '**Yes, you do live in a time worse than Sodom and Gomorrah.**'

As these Words will be read by some, you would be shocked at their *indifference* to Them, because they sense only another time in the history of human life, not meaningful to the Souls that each human being is the custodian of, ***that is that Portion that is to return to from Where It came, in Purity, bearing the Goal of Sainthood.***"
