

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father, in His Love for His Creation of human life, oftentimes encourages a human being, in a manner and way not conceivable to the human being, Who is directing him or her, but The Father silently reminds them to remember the Importance of morality. By morality, I mean the body’s activities, how it is used by the one in whom It is placed, and the Importance that It was created for.

The world has been blessed by so much being delivered, encouraging all who will read the Written Words, to think more indepthly on the Importance of human life and that *it has an innate Gift of Divine Love in it, the Soul.*

The Soul is the recipient of all that an individual practices mentally, physically, morally, in all areas of life. The Soul oftentimes pleads with The Father to be allowed to show an instance, a fact, a situation, to *awaken the mind* of the one in whom It is, that human life is a Gift and should be honored, not demeaned, not cast into evil situations that not only belittle this Soul, but destroy It immensely, because *It is the recipient of all that the human mind and body partakes in.*

Let Me put it in a different way: When you have something and you paid a big price for it, or it was a gift to you and its worth is immeasurable monetarily, socially, and it gives you a strength, a happiness and a feeling of owning something of great value, this feeling rarely leaves you, and you do not want to lose it; you protect it.

Now let Us refer to that Important Portion within each human being that is worth more than anything else in the world, and that is a Portion of The Creator; It is called '*the Soul*'.

The Soul is a *victim* many times of what an individual practices that is demonic and pleases only the enemy, but the personality, the nature of the individual, or the weakness of the individual abuses the Soul unmercifully, giving to the Soul distress, placing the Soul in a manner and way that will cause It to one day have to *suffer* to pay for what occurred to It, due to the one in whom It was placed as a Gift of Divine Love, because *the Soul is That Portion of human life that is a Portion of The Creator of All Things.*

I could speak endlessly on this subject, and I know many who read It will deliberately not want to understand It, but I assure you, every human being born has placed within it, a Soul. *The Soul is a Portion of The Creator of All Things, and the Soul is the recipient of all an individual practices mentally, physically, morally.*

Before I close, I would like to ask one question. Perhaps it will help you understand What I have just spoken, a little deeper in your mentality. *Is it worth the chance you take to destroy something that is Greater than anything that you could ever purchase in the human way? Do not forget, the Soul is a Portion of The Creator and It is He Who created All Things."*
