

REVELATION DELIVERED THROUGH FRANCES M. KLUG

SAINT CATHERINE OF SIENA

“**I** am Saint Catherine of Siena. There are Several of Us present as there always are where this Gift of Divine Love, displaying The Father’s Love for human life, and teaching the Important Facts that aid the Soul of each human being.

The Soul is never thought about because It cannot be seen, but the *Soul is evident* through one’s ability to know purity over impurity, justice over injustice, love over hate, truth over untruth.

Millions of human beings live each day never thinking of Who created them, Who instilled in them the abilities they have, or the capabilities that they are the custodians of. So many men, women and children place more importance on their own opinion of themselves than what they actually follow, practice, or realize the importance of.

Children are not being instructed on the senses and ***how important the senses are to them***, because it is through the senses, that much immorality can be resisted, rejected, not accepted.

Needless to say, pages could be put into script on how many *unimportant facts* human beings of all ages use, due to what they feel and what appeals to them, more than the *reality* of rational discrimination on the subject matter.

So many excuses are made when an individual, or several individuals, act impurely through immoral actions, using their bodies in foul degrees, manners, ways, sometimes to the degree where it is *totally satanic*, thus pleasing only the enemy that uses the

weaknesses of human lives, always trying to *destroy the Soul that is a Portion of The Creator that is evident in human life.*

Today as I say these Words, I know that They could be put into a system where millions of individuals could hear Them, but it would lose, in some way, the Personal Touch, because when One of Us speaks the Words, it is a One-to-one Fact, Basis that is felt by those who take the Words and who will read the Words at another time. When something is put in a publicity mode to attract attention, it oftentimes becomes what they call '*a classic situation*', and thus making it more satisfactory to the mentalities involved.

I could speak hours on this subject, but I am sure What I have just spoken will awaken some individuals, hopefully, several individuals to rationalize their method of subjects that they concentrate on. Are they *pure*, for moral assistance, or are they *impure to satisfy the enemy* of human life and The Creator of human life? The Subject should be easy to answer.

As I close My Words, I have one thing to say: As human beings feel the necessity for responsibility in so many areas of life, and they demand so much of others associated with them, or close to them in some way, form, means or manner, then is it not logical that it would be *impossible to be remiss* in saying one does not understand certain immoral acts, actions as immoral, when it does not feel that way to man?

As I close My Words, I beseech those who take Them and those who will receive Them, ***to look at human life as a Gift of Divine Love that has a Goal Greater than anything else created or designed by man.*** It will pay dividends at a given time, and it will have made human life pleasing to The Father, because each human being is a Gift of Divine Love, even when the conception is not accepted in a happy way."
