

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time wherein *spiritual hypocrisy* is prevalent. It is never seen as this, as hypocritical. It is only seen as what an individual wants others to call it: spiritual, holy, and all words such as these refer to.

The world is saturated with confusion — spiritual, moral, psychological. They say, ‘*It is a sign of the times.*’ We Here in the Heavens call it something else: ‘***It is worse than Sodom and Gomorrah.***’

Even though there are a good deal, number of spiritual edifices, there is a tremendous degree of spiritual hypocrisy, because ‘***spiritual understanding***’ is on a plane of ***Faith in The Creator, belief in the fact that there are Saints that can be prayed to,*** and They will do all They can to help an individual, or several individuals at one time, perhaps more fully understand the situation that is more immoral than moral in basics alone.

Throughout the world, *there is much hypocrisy.* So many individuals never think of the word. They only think of what they feel justifies what they say, they practice, they partake in, they commit to, or they are leaders of. ***So much of this is based on humanism, rather than the Importance of what it means spiritually.***

Children are not being instructed on the conduct they use. They are allowed what is called ‘*modernism*’, and even more than modernism, it is called ‘*bearing the social life as it is at this time*’, keeping up with it, being a part of it; many thus *ignoring* that a long

time ago when satan was used continuously, even then, the people thought it was all right for them, because it was '*the sign of the times*'.

**I** will not speak long on this subject because it is, in many ways, ugly, and as it is read or spoken, it has a sadness in it that it even has to be spoken about.

**T**oday could be a very important day to a lot of individuals if they would but look at the Purpose for which they were created, and the necessity for following The Father's Method of doing things, and His Willingness to share the Commandments He gave, to share with all races, all colors, all creeds, all ages.

**W**hen human beings share, it oftentimes gives strength to the relationship, hope, encouragement, and a deeper understanding.

**T**oday, needless to say, *immorality* is prevalent in all degrees, all ages of life, because immorality is more attractive, more interesting to some.

**A**s I close these Words, I close Them with a sincere hope that morality will soon take charge, and will be seen for its purpose, and of course, for Who it represents.

**I** know My Words are different, but I beseech you, as They are put into print, remember, the Truth and the Value of What is spoken is oftentimes a Gift, Greater than It is thought to be by the one who puts It into print in innocence and loyalty."
