SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Today as I speak, I speak with much concern, because there is so little attention paid by human beings of all ages regarding the Commandments that were given a long time ago. In so many ways, they are ignored. In so many ways, they are misunderstood, even though it is known by intelligent people that sin is against The Creator’s Will. There are so many excuses used to adjust what an individual thinks, speaks, practices, or participates in, ignoring what the subject matter is, what the intentions are the results of, and also, the indifference to what it takes to either please one’s self, or to please someone else.

I speak strongly today, because it is important that more time be spent, by all ages of human life, to recognize the Commandments of The Creator and the Purpose for which they were given at such an early time; thus, allowing them to pass down through time, or up through time, as some would call it, because ***the Commandments are based on important segments in which human life becomes involved.***

Let Me take a few to bring attention to them:

***‘Thou Shalt Not Kill.’*** Some individuals think this is only with a knife, or a gun, or some instrument.

***‘Thou Shalt Not Bear False Witness.’*** How many individuals make it a habit to discuss other individuals, whether they know them or not, but they have heard something that can be called ‘gossip’, or just *dismissing the dignity in a relationship*, and using it as a

conversational piece to draw attention to something that some listening to, may find interesting, exciting, or even inviting.

**I** speak differently today, I know, but you do live in a time that could be called ‘*Sodom and Gomorrah*’. To some this would be a happy thing, believe it or not, because they do not see or understand that ***in the Creation of human life, The Father instilled a Soul, a Portion of Himself, giving to human life the basic understanding of the Importance of becoming ‘a Saint’, returning to Him in Glory.***

**I** could speak hours on this Subject, and use every facet of it deliberately describing how many human beings *ignore the privilege* of using human life to become ‘**a Saint**’.

**A**s I close these Words, I have asked The Father if I may bless those who take Them, and those who will fight for the cause that will diminish all that is foul and pleasing to the enemy. ***In Nomine Patris, et Filii, et Spiritus Sancti. Amen.***”
