

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**M**any times I request Others Here with Me to speak Words, that those who will be hearing Them through this one voice of *the little one* I have chosen, will find in the Words not a Form of mystery, but a Form of Divine Love spoken intentionally.

**I** have given to the world a *Gift*, not One that appears to sound or to act or to project All I deliver as coming from her, for as I announce My Name, and Others Here with Me do the same, it is *logical* for those listening and/or putting into print What I say, What I want said, What I want understood for the protection of not only the Souls, but for the individuals connected in an order of understanding that I do speak openly, allowing human minds to understand I am continuously present and aware of all human life throughout the world, and all things that are occurring throughout the world.

***My Love for human life was openly stated when I, as The Creator, took part in the Birth of a Child that was Named to be My Son, and for My Closeness to a Woman Who was presented the ‘Gift’ to be able to be The Mother of this Child.***

**T**hroughout the world, there has always been discord or resistance to the full meaning and conception of all the Groundwork I laid and lovingly presented, for human lives to more fully understand *what a close association I have to them*. I did this as part of My Plan, so that the Creation of human lives would have the abilities to recognize My Purpose, practiced in a *logical format* for it to be easy for understanding how I would do

things in accordance with what would be *logical* and easy to understand.

**I** hold *the little one* tightly, for as I speak, the Power I Am and use, is not weak. So each time I speak to her, it takes a certain degree of mental and moral and physical strength.

**My** Love for human life is Far Greater than It is seen to be, because *I have a Portion of What I Am, Who I Am, within human life*, thus giving to human life the *Means* to strengthen them in more understanding of My True Existence and My Closeness to them.

**I** could speak endlessly with My Divine Love. I smile when I say My next Words: I am always tempted to speak lengthy, because I want so much to be under-stood and to be used, in What I decide to speak through My Will to give Strength, Understanding, and Hope for human beings of all ages to return to Me.

**W**hen you say to someone else, '*God Bless you,*' I do, even though I do it because of your generosity and the need of the one you requested to be addressed to.

**A**s I close My Words I openly say, 'I love this Creation of Mine that I communicate with silently or verbally every day in many ways, sometimes through their mentality, alerting them to what would be pure over impure, just over unjust, fact over fiction or love over hate.'

**I** end My Words and I say, 'In Nomine Patris, et Filii, et Spiritus Sancti.'"
