

SAINT AGNES

“I am Saint Agnes.

This Gift of Divine Love is a *Treasure* to All of Us Who are requested to speak, giving Hope, Understanding, and Value to living the life of a human being.

The world has been blessed in many ways. The Father has decreed it to be so, because in His Creation of human life, He Willed it to practice good things, practical things, loving things, and definitely things that would speak of morality.

The human minds of the human way of life sometimes do not always look at the *logic*, the *spirituality*, the *necessity* that in designing a situation that would involve many individuals, or designing a product that many individuals would be exposed to and want to own.

In human life's daily living, there are so many things that are attractive, interesting, and available. The Father made it this way to give human lives the benefit of decision, of choice, and using their mentalities to make the decisions that would not be just practical or logical, but also *spiritual*.

A piece of material laying all by itself can be looked at in many ways: suggestive as far as what it would look like if it was created in a particular form of wearing apparel, but there are other ways also, that some would look at it and innately sense a spirit of impurity in the color, or the type of material, or the design they would expect it to be created in.

I know I have never spoken like this before, not to this degree, but you do live in a time in which so much of the enemy awaits your attention, encourages your attention, and enjoys your attention, especially when it is demeaning to your purity.

I know I speak differently, but The Father has allowed this to be. It is Important to remember: ***In every way, every day, you have the chance to make opinions, decisions; you also have the advantage to pray, asking help in many ways;*** but as I close these Words, I do it because I could speak hours on end and, believe it or not, I would want to, because I would want you ***to understand the Importance of your Soul and how The Father Wills It to return to Him 'a Saint'.***
