

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON SEPTEMBER 27, 2004 AT 1:00 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

In your daily way of living, do you adopt all logical measures in everything you do, so that your actions will show complete respect for others?

When you speak, do you speak with care, sincerity and purpose, or do you speak for attention, not caring what you speak?

When you make an appointment to meet someone, do you practice what you will speak about? Do you think about the subject matter and how it will connect you mentally, physically, morally with the one you are speaking to?

Politeness is a *Gift* developed by the human mind, according to the manner in which one lives or is part of, regarding others who walk the human path.

Is time to you of such great importance that you ignore what it is to others?

Do you feel the *closeness* your Soul is to you when you have a special statement to make, regarding your views on subjects that, in some ways, could be taken wrongly?

I know I speak differently, but *these* are things helpful to how you live your daily way of living: *to be aware* of how you

act, how you think, and what you say, because it is important *by your example* that those with whom you are oftentimes with, know that within your mind, you care in a moral, decent way, thus pointing to your morals giving strength to those who see what you do, hear what you say, and imitate the *foundation* that you display.”
