

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 22, 2004 AT 1:18 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

We All enjoy speaking through *her voice*, for others to hear What The Father Wills them to learn about, to feel stronger about, and to use in their daily way of living their life.

So many of Us Saints treasure this Gift of Divine Love, because It is a sharing that The Father has allowed Us to do, to be part of, due to the fact that ***Our Time Here, under His Direction, We are able to share specific Points of View or Conditions that give to human beings, of all ages, a deeper understanding of Subject Matter that they may not have even had the chance to consider, if this were not the case, being able to share It with them.***

Today is a special day to many individuals. Some are celebrating birthdays, some are celebrating special affairs. Some are just being happy, because they are able to do things that, on other days, they could not do because of weather, or monetary conditions, or they would not be with individuals that they cared to be with, due to the fact that circumstances would cause their time to be with others that were not in the same thought category of living.

Children should be instructed on all the facets of life, the facets that consider kindness, generosity, manners, and association with those with whom they enjoy being, and what category they should think about in how they would celebrate certain things.

I know as I speak today, it is different for you who take the Words, but human life has so many various manners of doing things,

ways of enjoyment, but also, ways of responsibilities.

This Gift of Divine Love is and was, or I should say, was and is, a Definite Source for individuals to pray for what they will is best for them to partake in, or to accept in the human way.

I know this is different than you are used to, but I must add to It: Never forget, that as you walk each day and you use your personality, your nature, your temperament and your will, The Father has recorded what is best for you by your past endeavors, your past participations, and yes, according to your will.

As these Words are closed, I know, and All of Us Here with Me know, that some will find the Words so different when they read Them, but when They were spoken to you, and you were asked to put Them in print, you did it because you felt it would be worth your while for some reason, some purpose, and perhaps, even '***the Goal of Sainthood***'."
