

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 25, 2004 AT 1:26 P.M.

SEVERAL SAINTS

“Yes, We are present wherever this *little one* is that We All use to transmit Our Words to others, because such a Communication gives Us a pleasure due to the fact that, as We walk Where We walk, it is always to instruct, to encourage, and to give hope to those who are yet in the living state.

Granted, We are not heard, but Our Presence relays a condition, a situation, a sensitivity, and this causes an individual to sense that What they are thinking is not being heard through Words that they can hear, but Words that are being instilled in their manner of living.

So many of Us Here in the Heavens are so pleased when We have the opportunity to share Words of Advice, caring about the Souls of those who are yet living, because ***the Souls are the recipients of everything an individual thinks, says and does.***

The human way of life is oftentimes misunderstood, or not really thought about in the Purpose for which it was created.

Human life is presented, at the moment of conception, Gifts Greater than anything else created by The Father. Human life is gifted with the innate sensitivity to want to communicate with another human life. It is obvious even in babies.

I beseech those who take these Words, to see that others receive All that is delivered through this Gift of Divine Love, because you may be the only one that would have the advantage of communication, regarding the Soul of the other one to whom you

would share What We are saying.

Just remember, through this Gift of The Father's Love, of Divine Love of All the Saints in the Heavens, ***you have been given the Introduction to how you can act, or take part in sharing What some individuals would have no way, no one, no place, to receive What you have the privilege to partake in.***"
