

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 30, 2004 AT 3:25 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I have come on this day to hopefully aid and support *the little one who walks in My Name*, for much to be understood regarding Divine Love, based on the Importance of the Souls of human lives.

I hold her tightly because of the weight of this Task she has been given to aid the intellect of thousands of human beings to better understand, more logically comprehend, that the human mentality and the human way of living is gifted with responsibilities that are to lead them to *Sainthood*; but as I speak on this day, I must add: So little is being practiced or even used in the correct manner, allowing so many actions and intentions to be based on what is pleasing to the enemy and not The Giver of human life, The Judge of human life, for the Souls of human beings.

It is so easy for human beings to do what is right, to reject what is wrong, and to fully understand the Love of The Creator, and that It would only be for *the good of every human life created*, to live the human way.

There is no reasonability in how so-called men, women and children can ignore what a Gift human life is to them, and that they have the privilege to respond for the benefit of their Souls, and for the Goal for the Soul to be returned to The Creator, a *Saint*.

Volumes could be written on this Subject, but for most individuals, it would be too long, because the human mentality likes change, not always Direction, not always Truth. The human mentality is capable of practicing, plus acknowledging that *the Gifts of human life were instilled to be practiced for the good they represented*, never for the evil that is oftentimes preferred or accepted.

I will close My Words for it is sad to even speak Them, because so many Souls are the *victim* of what a human mind chooses that is vile in concept, content and practice. All these words are not new in their concept, but I assure you, they are being used in a multiple degree of use at this time that you live.

My Words are sadness to Me and to All Others Here with Me, but *Truth* must be seen as a *lost entity* of Divine Love. As each individual chooses how they will speak, how they will act, how they will live as a human being, needless to say, it is a sadness Here in the Heavens, because of so many weaknesses that human life uses that are not morally acceptable.”
