

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON NOVEMBER 22, 2004 AT 3:12 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

There are always Many of Us that are attracted to this Gift of Divine Love that The Father has given to the world for reasons difficult for some to understand. ***All of the Saints Here in the Heavens see this Miracle as a Treasure to behold by all of living mankind, the young and the old.***

My Words are not what They would be expected to be, but My time that I speak now is to hopefully awaken all ages of human life ***to realize the Importance of life and what a treasure it is to have as a Goal, to return to The Creator one's Soul.***

So many Words have been delivered, trying to enlighten, to encourage, to instill in the human minds of those close to *this little one*, the *privilege* it is to be created a human being and the *closeness* it has to The Divine.

So many times when individuals are given Truths to aid them, and to ensure what Gifts they have in being a human being, it is ignored and not fully understood, the Importance of hearing Reasoning in this manner and/or degree.

There are millions of children, of all ages throughout the world, who need to understand the Importance of being created a human being, because it has *the privilege* that nothing else created has.

Daily living in the human way is gifted in the understanding mentally, morally, physically, psychologically, that ***there is a Goal***

for the Soul that is to one day return to The Creator 'a Saint'.

This *privilege* is not understood as it should be, because the human mind cannot fathom the Beauty, the Wonder of a Goal such as This is.

Children are not being forced to understand the importance of morality, dignity, and being able to speak to The Holy Creator of All Things through their *Soul*, plus their *mind*, in a daily manner of living.

So many times when Words of Directions are spoken, They are neglected to be used in a *beautiful communion* with the One Who is teaching the Words, or identifying the Words, or are practicing the Words openly to show what the Words mean.

So many individuals being instructed only hear what someone wants them to think, but oftentimes a deeper understanding is necessary, and that is to *respect the one who is teaching*, because the one who teaches must be the *example* of what is morally pure, sound and realistic.

As I close these Words I know some may not agree, but ***I assure you They are Words of Sound, Orderly Ways to give a True Picture, a True Understanding of what 'example' should be.***"
