

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak these Words that I want to sound in a manner and degree and way that expresses My Personal Love for human life, because it is Important that everyone created in the human way understand that in their living a life created by Divine Love, this life should be *protected* against all that is vile or contemptible, never to be abused physically and, of course, morally.

Children are not being instructed on and with the Commandments that were given a long time ago. *The Commandments are Rules to safeguard the Souls of millions of human beings.*

First of all, when it is said: *‘I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me,’* how many individuals understand that Statement in its full measure? Sometimes that is the most abused Commandment, because of the nature of an individual that *ignores* what the Commandment requests of them.

Each Commandment is given to help the Souls of every living human being to more fully understand that *the body* is a Gift of Divine Love, *the mentality* a Gift greater than it is seen to be, and *the sense of touch* is for the close association human lives have with Me.

When they make The Sign of The Cross from the forehead to the chest, then to the shoulders, it is repeating to Me that

they understand *My Presence within them*, and that I will be aware each time they bless themselves with the Words I gave them to be.

Today as I speak, it is a day of thanksgiving; also, because those who mentally and physically yearn to participate in What I Will them to know, receive a Blessing beyond what they really can feel, because as they innately understand, their Association with Me is Greater than their association could ever be with one that they hold dear to them.

My Love for human life is expressed continuously, and when I hear prayer mentioning My Name, I always answer the prayer according to what I see will help them. So, as I close My Words now, My Prayer is reversed to them from Me; It is now from Me to them: *I love you, for do not forget, you carry within you a Portion of Who I Am, What I Am. It is your Soul that is constantly a Part of The Holy Trinity.*"
