

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON FEBRUARY 1, 2005 AT 12:25 P.M.

**OUR HEAVENLY MOTHER  
MANY SAINTS**

**“I am your Heavenly Mother.**

**T**here is so much to be understood by you and all other human beings regarding the *Purpose for which you were given a Soul.*

**T**he *Soul* is not seen by you, but in reality, the Soul is felt by you at times when you are thinking what is right over wrong, good over evil, but also, the gesture of kindness over an excuse that is not necessary.

**T**o be created the human way must be understood as being a *Special Gift of Divine Love*, based on an individual's age, manner of thinking, and the act of response to words and to the company of the presence of another individual.

**T**oday, if you were to walk down the street and stop another person of your own gender, ask them a question of how they began the day and how they intend to end the day, would these words open a conversation, or would there be more of a rejection of you, even in an unkind way?

**T**o speak these Words is, in some way, a sadness, but They are spoken to alert you that everything you think, say and do is *important for 'That Portion'* of you that you cannot see, you cannot feel, but Its Presence is *constantly* Part of you, a Portion of you that remembers all you think, say and do.

**I** know a Message like This One is, is not One of happiness or joy, but I beseech you to remember that if you think sometimes of more than what a question is all about, or a subject is all about, *think of the reaction it will have to your mentality, to your Soul, and sometimes, even to your body.*

**V**ery few individuals would think a Saint would deliver Words such as These are, but I assure you, it is to keep you constantly aware that *everything you think, say and do has an importance to it and because of it.*

**W**hen you ask The Father to bless you and you make the Cross on yourself, obvious to you and perhaps to others present, it leaves a mark, sometimes happy, sometimes just a feeling of obedience occurs.

**I** will close these Words, and I know to some who will read Them, they will ask why They were spoken. My answer to this is: All facets of human life bear responsibility, and also, should be remembered that each act spoken to a Saint or to The Divine, is remembered by Them a very long time.”
