

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON MARCH 1, 2005 AT 12:43 P.M.

“**I**n the Creation of human life, there were many things considered. First of all, the *safety* that would be allowed so that nothing would be destroyed by it, because it would have to be put and designed into a major manner of beauty.

**E**ach day a human being lives, it is their privilege to see it and to act within it, morality and love of The Divine. So many individuals that bear high standards of living *ignore* important times for certain opportunities, that in these things give hope for the mental, the physical and the spiritual way of lives.

**T**oday as I speak, I speak with happiness, joy, because to deliver such Words that I have been told to deliver, are Words of Happiness, Hope, giving to human beings of all ages, a definite purpose and degree for their Souls.

**A** Soul is not given to be unhappy. A Soul is given to instill in a human life courage, hope, happiness, and a consistent and constant urge to help the one in whom It was placed at the moment of conception, ***to see what a Treasure human life is***, because in its Design by The Heavenly King, it was designed to bring beauty into the life, giving to human life *security* based on happiness, *hope* based on truth, stability and strength.

**S**ome people reading these Words will not see the Value of Them, but I assure you, All that has been created is a Gift of Divine Love, Greater than it is seen to be. Even the birth of a child, though there is great happiness, joy, hope, sometimes there can be a little hurt, harm, but it does not last. It, in itself, gives strength for the future, because in the future there are plans to help the life of a

human being flourish, to one day return to The Creator and be called 'a Saint'.

**T**hose who take these Words pretty well know that without all the *Gifts* of human life, there would be a sadness to face each day without having a Goal pleasing to The Creator, but also to one's self.

**Y**ou are blessed for What you put into print and for What you read, and always remember: ***As you are created a human being you have a Gift awaiting you, and your Soul will look forward to It, because your Soul then will return to The Creator, and in His Company will be 'a Saint'.***"
