

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON MARCH 8, 2005 AT 12:33 P.M.

## MANY SAINTS

**“T**here are Many of Us present on this day, and there are Many of Us happy to speak to those who will take the Words and deliver Them where they are needed.

**E**very human being created needs some sort, some form, some degree of assistance in several different ways, according to how they live, how they practice each day in their daily way, and what they contribute every day in their association with other human beings.

**M**any Saints Here in the Heavens appreciate the ability to speak through this Gift of Divine Love, because it gives Them the opportunity to mention things that can help certain individuals obtain a fuller understanding of the Importance of life, by and through being *Example*, and/or able to speak Words of Direction, of Consideration, and yes, Words that others can be reminded of, that will give Hope in some ways, some degrees, as Each passes through, giving that day Something to remember that gave Hope where it was needed, Justice where it was needed, and a Touch of Divine Love for spiritual strength in being able to uphold What was correctly delivered, as so Many of Us have the privilege to speak Words understandable, to help those who will put Them in script, for future use or for others to learn from, plus the fact that Logic, as It is being put into script, can be a Great Asset at a time when it is needed.

**M**any Saints Here in the Heavens love the chance to speak through *one voice* that will transmit the Words for others to learn from. This is a privilege for the Saints of all denominations in which They lived the human way because, do not forget, having lived as a human being, They know What Words can be spoken or expressed

in a final form, thus helping where there is a necessity or a need, or hope where there is despair.

**T**his Gift of Divine Love has benefited many individuals, more than it is seen to have been, but All of Us Here in the Heavens are thankful for this Gift, because *one voice* is all that is needed to speak What We want others to hear about and to learn about, learn from, and feel stronger in how they live each day, making it a happier day for purposes that are obvious in many ways.

**A**s I close these Words, I beseech those who take Them and those who will read Them, to remember: ***Each day in human life, you have the privilege and the opportunity to give hope and moral strength in how you speak, how you act, and how you think.***
