

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 11, 2005 AT 12:53 P.M.

There's about Five of Them. She says, "No, Six."

SEVERAL SAINTS

“We All smile for a time such as this is, because in enjoying every moment of it and, of course, All that is delivered to give strength, more hope and definitely, more Divine Love for The Holy Trinity, though All the Saints speak, The Holy Trinity is Who directs Much that passes through This Particular Gift of Divine Love.

So many Saints stand by and want to partake, because They say it is privilege that nothing else can compare to. The Father, in His Love for Saints, smiles at Their eagerness to want to participate in a Gift of This Measure, because It is directed to save Souls that other things would not even bother with, or be good enough in what they are, or who they are.

I will close, but sometimes when We Here in the Heavens hear something of this interest, and it pertains yet to those in the living state, We eagerly want to participate because it is a privilege, but it is also based on Divine Will.”
