

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 13, 2005 AT 5:20 P.M.

SAINT ALPHONSUS LIGUORI

I am Saint Alphonsus Liguori.

There are so Many of Us Saints Who have so much to speak about regarding this Special Gift of Divine Love that this *little one* We use has been given the privilege to hear, to be able to deliver to others, copies of the Written Script, Words, because of the Importance of Them for the benefit of other human beings.

Many times We speak Words that are of such Great Importance regarding Subjects that can aid, or will help Important Subjects to be learned about so those hearing Them or reading Them, will be able to learn from Them.

As We Saints speak to The Father and He directs Us in areas that He Wills others besides Us, to learn regarding the Importance of What He Wills them to read about, so they will be able to cope with, should a discussion on the Importance either spoken through, or displayed by what the Subject Matter was in print, or for the knowledge They were appointed for, at a given time.

The *little one* is many times the only one that will be used, because all who take the Words do not always understand the Value, the Purpose, or the Need that the Words point to, or explain about, regarding Facts that would be helpful to maybe hundreds or thousands of human beings who would not have the ability any other way, in being able to have the Words available to them.

This **Gift** is so Important, because in so many ways in What It speaks of, is beneficial to several areas of human life.

As I speak these Words, I bless who partake in putting Them into print. What is sad for Me to speak about is injustice, the unfairness, and the jealousy that surrounds the **Gift**, that being able to dictate What can't be seen or heard by *the little one*, in a manner and way that makes much understanding possible, due to the Importance of the Words.

So many will wonder when they read these Words, why I have spoken Them. It is because there are so many individuals who do not read about, or practice acts that are beneficial to their way of communication with others. My Words may be difficult for some to understand, but My Words are said, are spoken clearly, **to alert others to the Importance of What is put into print must be seen for the Value It is**, and not cast aside and forgotten, because It could have a Great Meaning in It, based on Divine Power for one's thinking, aiding them to better understand the Full Concept of What the Words mean.

The list is endless on this Subject. Many who read these Words *should not ignore* What is so clearly stated. There is so much egotism, self-righteousness, arrogance that, to some, Important Subjects are cast aside ruthlessly.

I will close because My Words are full, helping certain individuals to value more the Meaning of what Certain Words mean that will aid them in future choices in how they use Them.

I will close My Words now at this time, but I assure you, the time will come and these Words will help you understand what They will mean to you. Perhaps eventually, you will have the courage to say, *'Thank You for Them.'*”
