

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 14, 2005 AT 12:40 P.M.

“**M**ay I speak?

Heaven has been so Generous to All of Us, allowing Us to use this **Gift** that permits Our Words to be spoken and put into script. We All smile each time We approach *the little one* with What We are to say to others who are yet alive, and have the responsibilities to walk the human path with the Goal to one day become ‘*a Saint*’.

All of Us Here in the Heavens find this **Gift** a **Treasure** to be able to be part of It, with The Father’s Permission for Us to speak, allowing Us time to be able to help others more fully understand **the Importance of human life and the Precious Goal that awaits each one.**

Think of My next Words. Is it not a privilege to be instructed on how you are instructed for your chance to have **an awareness that there is a Goal for you, for a Future Life?**

All of Us Saints Here treasure this **Gift**. That is why We like to partake in this **Gift**, and that is to help yet those who are in the living state, to be reminded: Every day is important; everything you think, say and do and are example of, is of great importance, because of your Soul and the Souls of all others you know, you are friends with, and you are oftentimes able to hold conversations with them, or to speak of what you are doing in the human way, maybe helping them in a way you did not understand to be, but the personal association gives you the chance to, what is called ‘*friendship*’, ‘*kindness*’, being able to communicate in a very important way.

Many of Us are present, and We All love this **Gift**, because It

gives Us the chance to transmit What We feel, What We know about becoming '**a Saint**'."
