

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 15, 2005 AT 12:54 P.M.

MANY SAINTS

“There are always Many of Us present where this *little one* is, because We are All aware how The Heavenly Father works through her, to give some Informative Understanding to those who take Words and will be able to read the Importance of What is spoken, but also, to help others who are not close to her, gain more knowledge regarding the Importance of human life and all that surrounds it, intentionally giving strength to it, purpose to it, and **a Goal for a Portion of it, called ‘the Soul’.**

Thousands and thousands of Words have been put into script regarding this *One Single Gift of Divine Love*. That is why it is so Important for all who take the Words and all who will read Them, to be aware of The Divine Love that is evident openly, plus spiritually.

Children are not being instructed in the proper manner, way, and/or through the words that elders say to them. The children are available in many ways, because they desire to hear happiness, words of security and direction that they fully understand, to guide them in ways they are aware of, but do not always plan.

The world of human beings has been given so much to aid them, to give them strength and to give them knowledge on what is Important to The Divine, by them.

Let Us take ten adults. They are at a social affair. How many present will think of one word directed to Divine Way? Not many, if any.

It is Important that human beings of all ages be aware of what a

privilege it is to be created a human being, because within the human body, mind or abilities, there is always **a Connecting Link to The Divine, to The Creator, first of all, and the Soul** of the individual is ever alert to all that occurs.

The human mind has the ability to think of many things, but sometimes *ignores* the Importance of recognizing or accepting that a Saint could possibly be close to them, trying to encourage them to practice what they are doing in a more moral manner of action, or being example to others around them.

Needless to say, hours and thousands of Words could be spent on this one Subject, because to be created a human being is the highest goal for one's Soul that They could ever reach. ***The Soul is constantly alert to everything They are exposed to, and when an individual cares openly regarding the Importance of his or her Soul, the Soul thanks The Creator for having been put in that place.***

Thousands of Words could speak so much on what has already been learned, so I beseech those who write these Words for others to read, along with them, of course, remember: You are not a piece of wood or all other imitations of strength, but you have been blessed with a *will* greater than it is known to be, in strength, purpose and Goal. Would you not say that this Blessing alone should encourage you to force yourself to accept all things pleasing to The Creator, for in His Love for your birth, He gave you what He knew would give you the strength to endure many things.”
