

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MARCH 16, 2005 AT 2:16 P.M.

“**I** smile when I say My next Words: Yes, there are Several of Us present, because The Father has given to the world a **Gift** to those living in the world, but this **Gift** also includes All of Us, giving to Us the pleasure of correspondence with those yet in the living state, sharing What We know to be Valuable in Words, Concept, and Many Other Things.

Today as I speak, it is because of the importance of how you walk and how you live, and how you talk and how you include others in what you are instructed in and about.

Sharing The Father’s Love is a Great Gift of His Divine Love, because in sharing you are giving to others a more positive, factual understanding of what *a Great Gift human life is*, and in many ways, even though it appears as though it ends at a certain time, it does not. It appears in a Different Manner and Way. Nothing is wasted in Divine Love. Remember this.”
