

OUR HEAVENLY FATHER

“Because of My Divine Love for the creation of human life, I constantly want all things to be as I Designed them to be, because in this creation, My Love has increased abundantly, due to the fact that along with the physical creation, there was a Great Purpose for it, to it, in it.

The *Soul*, as the *recipient* of all that an individual absorbs, practices, uses, and basically through It, instills into others My Divine Love for It, this *Gift* is Greater than It is recognized. Even when those have mention of It, they cannot fathom the Importance It bears for them to live conscious of how this *Gift* aids their Souls, their mentalities, their human understanding of *the Importance of possessing the Soul as a Connecting Link to Divine Love* that one day will judge the Soul as to whether It was growing in a more in-depth aid to Who I Am, What I Am.

I use your Soul many times when others need the strength on subject matter, on physical conditions, and even on mental disorder or incomplete abilities to aid what the Words should be able to give — strength rather than weakness, hope rather than despair, love rather than dislike or hate.

The human mentality has many capabilities, not always understood, because there are so many versions in how an individual can participate in such a numerous amount of associations, understandings and moods of human acceptance.

I have given to the world a *Blessing* wherein I speak more than it is understood in the human way. I use *one small voice*, *one small body*, because of how I see this association able to

play an Important Part in what is called ‘*human association*’, thus helping it to be more acceptable by human beings of all backgrounds and degrees of potential in more indepthly understanding The Commandments that are The Guidelines for the mentalities to see the various forms, conditions, situations, and personal views on how they think, how they live, how they associate with other human beings morally, mentally, socially, personally.

Though I use a *small voice* to deliver Facts of In-depth Understanding, and hopefully, Directions that will aid more thinking in how one practices daily communication; also, daily Direction when others are close to the *one* I use so personally.

The tears in her eyes are tears that My Words have brought, because she says, ‘*My Father, I do not like What You have spoken, because It bears too much responsibility, and I am not sure if I am the one You should have chosen for such a Major Aid, Condition, for others to think about.*’

I add to this: I chose her for her humility and for all that she was, in contact with Me, from the moment of her conception.

I extend My Divine Love to those who take What I have spoken, and I beseech you to see the Value of Them, the Importance of Them, and how They can aid millions of human beings to one day join Me in Heaven forever and ever and ever.”
