

SAINT AGNES

“I am Saint Agnes.

We All smile when We hear this *little one* We All speak through. Her interest is always amazing and sometimes amusing. In Our Presence, her respect is something to talk about, something to think about, because she knows Us immediately, and We entrust so much Information to her because of this.

The Father has given to the world a Very Generous, Loving, Caring Miracle, a Miracle that exceeds so many Things in Divine Love, because some individuals feel that if they pray, they are pleasing The Creator abundantly. That could be true or factual to a degree, because in the birth of a child, ***a Soul is put into the body by The Holy Trinity.*** No greater Gift could be given to anyone who has given birth and then receives a Gift of this Nature and this Divine Love.

What individuals do not understand is, that the child, the infant, does not know what occurred, but by nature and by how they respond when they smile or they act happy about a situation, a condition, that most standing by would say it stems from their presence, rarely thinking that it could be The Heavenly Manner and Way of allowing the infant to get used to them, and to be better able to see the Importance of gentleness, genteelness, kindness and admiration.

Though I speak differently, I speak with much love for human life, much love for The Divine, because there is so much in the world that is overlooked, not even thought about in what a Gift of Divine Love is available, or visible, or needed by others who are in the

living state, who walk the earth projecting how they feel, how they know things, and yes, the sensitivity to others they meet.

I will close My Words, but as I do, I beseech those who will read Them, remember: ***You were created for a Reason, a Purpose, a Goal. Nothing created is greater than this, because you see, you bear a Portion of The Creator within you called 'a Soul'.***
