

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON APRIL 11, 2005 AT 1:55 P.M.

## MANY SAINTS

**“We** All smile when *the little one* asks a question of Us, because We are constantly and consistently aware that her will is to follow Divine Will, and share with others the Beauty and Divine Love that she is confronted by, with, and for, daily.

**All** of human life is the recipient of Divine Love; first, by the Creation of it being created a human being, because ***there is a Goal for the Soul of every human being created.*** The body, the form is considered the means by which the Soul can lean upon and use for the physical human actions, for the individual chosen to walk a path and be a human being.

**So** much is not known that The Divine has the ability to Create. This is based on Divine Love, because of the Importance that a body consists of, because each human being created, ***The Father gives to it a Portion of Himself*** to make this Creation more important, and important enough to have a **Goal** for a Portion of it, called ***‘the Soul’***.

**So** much is a pleasure to think about and to deliver Words on, when the Words are welcome by those who listen to What We say, through this *little one* that has been given the task of repeating Words from Heaven by the Saints in Heaven.

**Each** One of Us thanks The Creator for the privilege, because We too once walked the earth, We too were Part of Many Portions of this Gift of Divine Love, designed by The Creator, else All that has occurred could not be seen, could not be felt, could not be heard.

In the Gift of Creation of human lives, every facet needed to support this Gift was instilled in it so that this Gift could be a Divine Gift, Greater than anyone could perceive It to be, and feel that within themselves they were different than other things created; plus, have the privilege of knowing many things and being able to participate in assisting The Creator during their lifetime, to help The Creator help others who would be born to the world, to give to others the Importance of being a human being.

I could speak endlessly on this subject, but I will close for now, but remember: You have accepted a task that is to help those who are yet to come, giving them the Foundation for what to expect; first, to be a human being, and be given the knowledge to understand so many things; thus, being able to innately feel the purpose has a **Goal** that nothing else has, through that One Gift called '**the Soul**', the '**Connecting Link**' to The Divine that is Greater than It is seen or known to be. **It is a Living Portion of The Divine**, and now It is a Living Portion of the one in whom It is placed at the moment of conception in the human form, human way. **It is a Bond of Divine Love with The Divine** until the time comes and there is a separation that has a Goal Greater than It can be seen or discussed about, at another time."
