

MANY SAINTS

“**W**e always smile when this *little one* describes her communication and association with All of Us.

**W**hen The Heavenly Father directed Us to deliver through her, What would be beneficial for the Souls that needed certain attentions at a given time, it was indeed a *privilege* each time it occurred.

**I** must make another Statement. It seems even to All of Us Saints, that it was a very long time ago, and yet We are All still present wherever she is, waiting for The Father to direct her voice, her mannerisms, her time, to certain conditions that aid those yet alive, to ***a very special understanding of the Importance of human life, and the Goal The Creator intends for the Soul to arrive at, at another time.***

**I**n so many ways, human beings are blessed. They do not recognize it as a Blessing, but it is, due to the fact that Anyone Here in the Heavens Who delivers Words of Direction and of Divine Love, oftentimes use *one* who is attentive to Them, understanding Them, and will be loyal to What is repeated for Them to give strength, hope, to those who are yet in the living state.

**S**ome may not understand My Wording, but I assure you, it is Important, All that occurs that The Father Wills those who are yet in the living state, to be able to be more assured that the way they walk, and ***just being a human being, is a Gift of Divine Love,*** greater than any gift that is made to get attention for one's manner of living or manner of knowing something important, above and beyond what others know it to be.

I am speaking differently, I know, but there is so much All of the Saints Here in the Heavens want those in the living state to know: ***the Goal is Supreme in Power***; and We All smile when We hear someone point to a Particular Saint and ask for aid, help, or assurance on a different subject than What is being spoken at the time.

To be a Saint in Heaven is a *privilege* beyond what It can be spoken to be, because It gives so much Divine Love, Understanding, Hope, Aid and Assurance, when One is given a chance to help someone who requests the help through The Divine.

I spoke so differently at this time. There were Many with Me, and as We close this time with you, I assure you, We will return when The Father says it is to be, because, do not forget, ***The Father loves human life. He created it for a Goal.***”
