

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON APRIL 18, 2005 AT 1:43 P.M.

SAINT ATHANASIUS
SAINT COLUMBKILLE
SAINT BONAVENTURE

“I am Saint Athanasius. I am Saint Columbkille. I am Saint Bonaventure. There are Many of Us present many times, or all the time, through this *little one* that has worked with Us and for Us, for a very, very, very long time.

A Blessing of this Dimension that covers all aspects of human life — the mental, the verbal, the conscience, the interest, the ability to not just promote, but to speak the Words in the Exact Formula, Form that They are delivered, it takes a very alert mind; it takes a sincere conscience, and it takes the ability to believe, to understand, to be able to use *Gifts* that do not just give credit, but are actively instructive in teaching others how to think, how to speak, how to accommodate what is necessary to accommodate. The list is endless in not just characteristics, but in Value regarding the Meaning that is used to address a condition, situation, motive, understanding, or just the desire to improve one’s mentality on Importance in subject matter. The list is endless.

So many times when this *little one* makes a Statement, We All gather around to see how she is going to define the Statement, or use It for others to be able to use the Statement to more fully understand the nature of what the Statement means, and also, to give strength to the use of Words that give others **a stronger identification** in the Meaning of Them.

We smile, because Our Words have struck her deeply. This *little one* We All use has a tremendous *Gift of Obedience* that, to most individuals, would not be as strong as she sees it necessary to be.

You live in a time wherein so much is acceptable throughout the world that, in many ways, should not be acceptable, because it magnifies things to be good when they are *not basically moral or mentally efficient* in how an individual should practice daily life, or association with other individuals.

Though I speak differently, I speak with much concern for how so many intelligent human beings allow themselves to partake in subject matter than can be of *no benefit* to their personality, or their association with others.

I know My Words to some will be difficult, but I speak Them from My Experience with the different categories of meaning that words are used for.

I will ask you one question:

If you were asked what religion you follow, what do you say — you are *'Christian'*, or you are *'Catholic'*, or you *'believe in A Divine Power'*? The list is endless that can be used on this Subject and *not* pinpoint the full definition of how you really believe.

Some who read these Words will question why They were even spoken, but I assure you, there is a Reason, but it can mean different things to different people.

Ask yourself:

How did you *learn* to love God?

What does your love for God *consist of* — *'service'*, mentally,

physically, or does it have *another means* that you could mention?

Have you ‘*seen Him Physically*’? Have you ‘*heard Him*’, the ‘*Sound of His Voice*’? What does your love depend upon in your association with Him?

Needless to say, there are many answers that could occur from this. *The Sacred Gift of Spiritual Understanding* is a Gift greater than it is seen to be, and sometimes it is abused because there is not enough understanding regarding it.

Obligations such as *a spiritual service* — how do you respond to this? Do you go because of obligation, or because of sincere dedication to The Divine, to The Holy Trinity?

I could speak endlessly on this Subject, because you see, ***it is Important that all human beings address their ‘Faith in The Creator’ in a manner and way that is logical, and that they individually sense that they are close to The King, to The Creator, but this also allows them to be close to Those like What is called ‘The Trinity’.***

I could speak endlessly on this Subject, but as I close the Words at this time, I beseech you, as you live the life in the human way, never forget, ***human life was created by The Divine, to give Strength, Purpose, a Goal for the Soul, that ‘Portion’ of it that doesn’t really age, and It will always exist.***

I smile when I say My next Words: ***‘God bless you.’***”
