

**OUR HEAVENLY MOTHER
OUR HEAVENLY FATHER**

“I am your Heavenly Mother.

Each time The Father requests Us to speak, We smile at Him and say, ‘Heavenly One, who shall We choose to speak a sound that will be needed?’ He says, ‘You know; I use her all the time.’

Each day, to every human being, is greater than they understand it to be, because *time* gives everyone created a chance, a privilege to use time to speak words of gratitude for being human, and for having the privilege to know words for communication and to have the ability of strength to do many things.

In this *Gift* wherein so much has been delivered, each Word bearing a Strength, a Purpose, is a Gift beyond what It is truly and fully understood to be by those who read the Words, sometimes even daily.

A *Gift of this Divine Love* I use in a manner and way that I know I will reach someone or many, giving them What I want others to know, about their association with Me.

I have come on this day with a Deep Love for this *little one* and those who will use the time I request, to put Words into script for others to read.

All that I have spoken through *this Gift of My Divine Love,*

and All that I will be speaking, must go to many places outside of this room. They must travel in a manner and way of dignity and sound purpose, helping others to know of My Time that I spent with *one little woman*, to give them, throughout the whole world, My Love through the Written Word.

This should prove My Love for them in a manner and way understandable, appreciated, and for them to remember to follow All that has thus far been delivered for the sake of that *Portion* of them, within them, their *Soul*.

The *Soul* is a *Portion* of WHO I AM, WHAT I AM. IT IS OUR 'CONNECTING LINK' TO EACH OTHER. Remember this. I share it with you and all of human life, because *It is My Gift of My Divine Love*, to give you the mentality you have, the strength you have, the hope you have, the love you have and the purpose you have, for living the way you do.

I will close, but as I do I say, 'I love you,' because through you, like at another time, through others who served Me to help those who did not have the knowledge or the understanding — they were called 'Apostles', and there were others who had other names, but in this lineage of understanding, remember one thing: *You now have the privilege to know more than you would have, to use, and then, if there had been no previous work, you would not have what you have today, to aid others in coming My Way.*"
