

REVELATION DELIVERED THROUGH FRANCES M. KLUG

“What I am about to say may surprise everyone, but I assure you, it will be enlightening to how you feel in certain areas of how you live.

In counting the number of Saints Here in the Heavens, the number is so large it would upset you perhaps, or give you the wrong opinion of what it takes to become a Saint.

Let Me start here: You are born a human being, *male* or *female*. The Father decides which you will be, and then you begin to grow physically. Then, along with this, your mental understanding of things improves. Suddenly, you begin to understand more about many things, and through this aging of the human life, you have the *advantage* over everything else created, because you have the intellect, you have the knowledge, you have the ability, you have the interest, and you have perseverance in accomplishing what, at that time, interests you.

Soul that you are the custodian of, and yet ***the Soul is a Living Matter created by The Creator of All Things***, to represent you at a time when the body is no longer there, capable of doing everything, your mind is not as it used to be, ***but the Soul carries on for you in an unlimited way, allowing your Soul to be able to take advantage of the Presence of The Creator of All Things, and All the Privileges that are attached to This.***

I could speak hours on the *advantages* of what a good, moral life can help you have one day — ***to live for All Eternity in a Manner of Communion of Divine Love*** that you know nothing really about, while you are living in the normal routine of life.

I could speak hours, and perhaps I will be able to speak to you on this at different times, but as I close these Words now, I sincerely hope that you will remember: ***Every day of your life, you are privileged to have been created a human being, and you have the ability to return to The Creator in the Name, 'Saint'.***
