

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

‘*This Gift of Divine Love*’ that was given to aid many individuals to become more innately under-standing of *what a Treasure it is to be born a human being*. So many times this *Gift of life* is not seen for the Greatness it is, for the privilege it is.

Many, many, many hundreds of years ago, when men, women and children did not have the facilities to work in, or use, because the facilities were not put into a manner of more protection, and of course, more beauty in appearance, it was difficult in those days, because so much had to be used that would not be seen as extraordinary, as beautiful, as something of great worth.

You live in a time wherein there is, has been much improvement in design and in the practicality of usefulness regarding conditions, situations, appliances and theory, giving to individuals the privilege and the delight in all things having a brighter appearance, a more beautiful way of using them, making the individuals *feel the improvement as a gift*.

Needless to say, the *Gift of human life* is far greater than it is seen to be, but like all other things created, time allows improvement in the mind, in the body, to be reminded of what it was at another time, thus giving to human beings the important facts of *progress* in the human way of living.

My Words that I have just spoken may cause a little wonder in those who read Them, but They have a Purpose, I assure you.

As all things, even in the human manner of learning, there is an adjustment period, a learning time to learn the best, the finest, and the most beautiful results. This comes from many subjects, a big factor of association and of commitment.

In the Creation of human life, things were not like this. There was so much the first ones had to learn by practicing, by using, by changes, and by their interest in improving.

What I have just spoken may feel endless to you in number and fact, but the Words were given to assure you that time changes all that, and that as you live each day, you learn new things, but also, you follow a path that is feasible for your Soul, for your mental, and for your way of life. Just remember, you live in a time of what is called '*progress*', and in this progress, there is so much that has changed the lives of millions of human beings.

As each day approaches, human beings even learn more about how they were created, why they were created, and the *Goal* for the creation. The *Goal* for Creation of human life is Great, Greater than It is seen to be, because It is more than hope; it gives a finality due to the fact that It allows individuals to more fully understand that living, being created a human being and living the part for quite some time, has a *Goal* Greater than It is seen to be. *It is a Goal for All Eternity.*

As you close these Words at this time, I beseech you to remember: *The Creation of human life was designed by Divine Will so that one day The Heavenly Father would be close to you in a Way and Manner inconceivable right now, but the Goal is a Goal of Divine Love for you."*
