

SAINT ALOYSIUS

“I am Saint Aloysius.

There are so Many of Us Saints Who are privileged to speak through ***‘this Gift of The Father’s Divine Love’*** for human beings to learn more about what all occurs, Above and Beyond what those alive upon the earth ever think about in their full measure of productivity, and their love for The Divine.

Let Us stand before The Creator, Where He is in a Visible Sight, Condition, for Us to fully understand Who He Is. I assure you, you would find what you are requested to write would be far different in how you feel; especially, capable of having the Sight of His Personality, His Human Way, and His Divine Love. It does not show when the Words are spoken for just your ears to retain. That is why it is so Important for Souls to be seen, to be protected, and to be given the privilege to one day, in being called *‘a Saint’*, they have the privilege to be with the One Who Created All Things. This, to many, may seem impossible, indescribable, and really not have any capability in it happening.

Those of Us present Here All smile at this Statement, because every time you think of the Saints, any One of Them, Two or Three at one time, you are in the Presence of Their love for you, and They treasure the time you spend, either thinking about Them or talking to Them, or repeating what They say to you, encouraging you to deliver Their Words to others, to be put into print; because, oftentimes, a day or a time arises and you purposely, or accidentally run across the Words you once took into print, and/or read Them with an intention of how you felt at that time, or how you willed to be part of All Their Direction.

The reason these Words are spoken is to give you the strength or the purpose or the love, or even the desire to know that one day you will have the *privilege* to be with the Saints, or whichever Saints you are chosen by The Father, to partake in some Action, some Purpose.

To be created a human being is a Gift Far Greater than it is seen to be, or thought to be. You are loved for your participation and your willingness to share with others what you feel, in how you feel, regarding your association with so Many Saints, and of course, with The Divine. There is no higher gift of Divine Love as you live in the human way, because The Father blesses you for your intentions, and for your willingness to encourage others to share your love for Him, with them.”
