

OUR HEAVENLY MOTHER

She's smiling.

"I am your Heavenly Mother.

The Father, in His Love for human life, has given to the world so much in many ways, in many degrees, allowing the personality, the natures, the backgrounds of each human being to enjoy human life in a way and manner the individual chooses it to be.

When 'This Gift' was announced — by 'Gift' I mean *the one chosen* to speak Our Words so often — there was much joy Here in the Heavens by Many Here Who find It a means to personally give to those who would hear the Words or read the Words, a fuller understanding that Heaven has, in many ways, *a close association to those yet in the living state*; plus, in the communication that it not always received, there are many times the sensitivity of the human being senses a Presence that is pleasing.

I know My Words will not be understood by many, but nonetheless, They are Truths.

In the human way of living there are so many things that are a pleasure to practice, to follow, and to do.

So Many of Us speak through *one voice* that was chosen to repeat Our Words. The reason for *this close association* was to aid those yet in the living state to more indepthly understand that life, or I should say, living in the human way does not end when certain things cease, but *'a Portion'* of the individual has the privilege to return to

from Where It came; of course, all this is not seen by those yet living in that state of human life, but it is evident by what has been instructed, to be *by the Soul* of the individual that, in reality, is 'a *Living Part of The Creator of All Things*'.

To some these Words may be difficult to comprehend, but Truth has a way of eventually being understood for its purpose, its reasonability and its aid to the human being experiencing It.

Throughout the world there are millions of human beings, all degrees of mentality, of personality, of interest, of productivity in how they live. The list is so long, thus giving to human lives many areas of interest, not just living life as what would be called 'a clone' with no purpose.

I speak these Words to give help to those who do not know these things or sense these things, because of an in-depth fear of so many things, but I assure you, *the Gift of Divine Love* is above and beyond the human ability to comprehend Divine Love.

Many will say, 'Why were these Words given at this time?' I assure you, it is not the first time in the history of human life that this has been done."
