

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 7, 2005 AT 1:48 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“There are Many of Us present many times, because The Father, in choosing the individual that is to repeat the Words from Here, The Father is in control of All that is to be included in What He Wills Himself to speak, and Others Here in the Heavens to speak.

As you say your prayers and you speak the words or think the words in the manner and way they are dictated to be, do you always find them comfortable for you, or do you feel you would rather talk personally to Me? I am available every moment of every day.

A long time ago, when men, women and children were being instructed to partake in the Company of The Divine, they used the time to speak what they wanted to be known. You, too, have this *privilege* and this *Gift of communication*, because there is no time in the day you will not be heard if you speak in Anyone’s Direction that you know is in Heaven Here with Me.

The Soul is the receiver in many ways, and the *Soul* is Who responds, What responds to your requests or your pleas. So many times those who believe in Who I Am, forget to speak to Me and to Any Others Here with Me, because they are so used to speaking to those who are like them in the living state.

I say these Words to assure you, you are always heard no matter what situation occurs, because *your Faith in The Divine is that ‘Close Connection’ We have with you at all times.*

Children should be instructed more personally on *how close We are to them*. Sometimes those in charge of children think the children will not know or care, but it is Important, this change, because the children need to know We are always present. We see everything they say, think, practice and partake in, just as We do to the adults at all times. How do We know? That is why you were given *'a Guardian'* to aid you and to be that Communication when it is necessary to show.

I speak differently, I know, but *to be created a human being is a privilege Greater than it shows*, because you hold within you a *Gift of Divine Love* called *'the Soul'*.

The Soul is ever conscious of everything you think, say and do, and never forget, *the Soul is a Blessing of Divine Will for you*, because without the Soul, you would be like other things created. A flower doesn't have a Soul. An animal doesn't have a Soul. The list is endless, but *you, created in the human form, bear 'a Portion' of Divine Love from the moment you are conceived, until the day you return as a human being."*
