

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**I**t is with much pleasure I speak to you today, because there is so much to be learned by thousands, and millions even, of people, to help them better understand and to more fully comprehend that being created a human being is gifted with the *Promise* that it can become *a Portion of The Creator and be close to Him forever.*

**H**uman life is oftentimes *dismissed* as being ‘special’. So much is concentrated on *timing* instead of *Goal.*

**I**n the Creation of human life, there was *a Divine Purpose*, openly stating, allowing human beings to know that life in the human way had *a Goal* for ‘*That Portion*’ of it, that it would be seen as *close* to The Creator, because of how the individual used human life, protecting the *Soul* and being able to practice many events, many activities, many interests, and many things that others did not know; of course, all to be done *in purity* of the mind and the body, thus giving to these two places, *a logical reason for the Soul to be able to return to The Creator as It was Planned to be, as It was Designed to be, a very long time ago.*

**T**oo little is being thought about or spoken about or instructed, on how Important the *Soul* is to the human mind and the human body. One of the biggest errors in this, is to speak about the fact that the body will not be with the *Soul* when the *Soul* is taken to a Higher Place, when the time comes for the *Soul* to be separated from the body and be addressed as ‘*a Saint*’.

**T**here is so much to be thought about in concept, in content,

and reasonability. That is why *'This Gift'* has been given to the world, bringing human beings up-to-date mentally, spiritually on what they consist of, and the *privilege* they have, to be able to use *'a Portion'* of what they were presented with at the moment of their conception, called *'the Soul'*.

***Everyone's Soul has a Goal, because It is 'a Portion' of The Creator, and the Soul is to return to The Creator after being in service in a human being for a given time, a given way, a Gift beyond what the human mentality understands It to be.***

***I beseech you, remember: There is a Goal and you have the privilege to attain It on how you act, and how you use your human way."***
